

Holiday Goose Nutwood Farm

PRE-ORDER AGREEMENT

Thank you for reserving a LIVE goose for your festive feast this winter!

These beautiful, tasty birds will grace your table with rich flavor and make lasting memories for your celebration. Our birds are slowly and humanly raised in our silvopasture orchard and farm pond, grazing freely all season long on grasses, berries and fruit along with GMO-free grain, lots of kitchen scraps and the occasional handful of hazelnuts.

Geese are priced at \$14/lb. All geese will be more than six months old at slaughter with expected dressed carcass weights between 6-12lbs. You may indicate your preferred weight range and we will do our best to fulfill your request. Our on-farm slaughter date is **December 6th, 2025**. You are welcome to come observe the processing and take home a fresh bird, or schedule another time to pick up your frozen goose in the week following slaughter. An **on-farm slaughter fee of \$15 per goose** will apply. Geese will be provided as a whole carcass with head/wings/feet/organs removed (available on request). A \$50 deposit reserves your goose with the remainder due at pickup.

I hereby understand that I am purchasing a live bird for on-farm slaughter. My bird will be slaughtered using clean, humane, small-scale poultry processing equipment. This meat is for direct consumption and NOT for resale. This meat has NOT been USDA inspected.

Holiday Goose Nutwood Farm

PRE-ORDER AGREEMENT

- ❖ I have reserved a LIVE goose from **Nutwood Farm (76 Porter Hill Rd, Cummington, MA)**
- ❖ My bird will be processed and available fresh for pickup on **December 6, 2025**. If I cannot come that day I will schedule another pickup time via email, text or call to Seva (**413-824-1840**) in the week following, no later than December 13th, 2025, or my goose will be resold.
- ❖ I agree to pay a \$15 fee per goose for slaughter plus the remaining balance of \$14/lb based on final dressed carcass weight upon pickup, less my \$50 deposit fee.
- ❖ I understand that this meat is **not** USDA inspected and intended for **direct consumption** only.
